About me

Full-Stack Developer with a strong foundation in frontend, backend, and mobile app development. Demonstrated ability to solve complex problems, design efficient data structures, and implement end-to-end business solutions. As a full-stack developer, I consistently strive to create clean, scalable, and user-friendly interfaces that enhance the overall user experience.

Work Experience

Full-Stack Developer; RawConscious, INC; BANGALORE, INDIA — 2022-PRESENT

As a full-stack developer with a proven track record, I have successfully delivered innovative web and mobile applications. My expertise lies in crafting robust solutions using cutting-edge technologies such as React.js, Next.js, Node.js, Express.js, React Native, SQL, and NoSQL databases. Throughout my career, I have consistently demonstrated my ability to tackle complex challenges, design efficient data structures, and implement end-to-end business solutions that meet client requirements and exceed expectations.

Education

Bangalore University —Master of Computer Applications, Passed with first class exemplary (CGPA:8.02), 2022.

Skills

• Frontend Development: HTML5, CSS, Tailwind CSS, JavaScript, TypeScript, jQuery, React.js, Next.js.

• Backend Development: Node.js, Express.js, PHP.

• Mobile App Development: React Native.

• Database: SQL, NoSQL, Prisma ORM.

• Basic knowledge about various authentication, payment gateway and cloud services.

• Git Workflow and pipeline.
